Earn continuing education credits while empowering yourself to tackle the most pressing challenges your agency faces.

Join coding and OASIS expert Joan Usher, BS, RHIA, ACE, AHIMA-approved ICD-10-CM trainer, for the **OASIS-C1 and ICD-10 Coding, Payment, and Quality Boot Camp** as she guides participants through lingering ICD-10 issues, OASIS documentation, auditing documentation, and ensuring desirable star ratings. Tools, examples, and answers to your questions will be provided in this invaluable live event.

This Boot Camp offers the help you need to:

- Ensure every possible penny is reimbursed under ICD-10
- Identify how ICD-10 could affect your agency’s case mix
- Evaluate your staff’s ICD-10 proficiency to ensure maximum reimbursement
- Identify OASIS documentation that aligns with your mission to become a five-star agency
- Ensure proper M item responses for improved outcomes
- Audit and improve documentation
